

Bordetella (Kennel Cough) Waiver

Bordetella Policy (Kennel Cough): The Pet Hotel requires Bordetella to be administered every 6 months. Any dog entering our building for grooming, daycare, or boarding will be held to the same vaccination standard.

The Pet Hotel will only perform Bordetella Vaccinations on dogs that have received a Bordetella no later than 7 months prior to the desired entry date into the hotel. Dogs that have not had a Bordetella within 7 months of the desired entry date into the hotel will need to have the shot given minimum two weeks before the dog is scheduled to enter the building.

I, _____, have opted to have the Bordetella given at the hotel even though it does not fall within the required guidelines. I, _____, fully understand that it could take up to 14 days after the date the vaccine is given in order to be fully effective.

Philadelphia Pet Hotel & Villas will not be held liable in anyway for failure to follow the recommended guidelines.
